Theatre K-12 no representative present, will table to next meeting.

Special Education Masters Corey Pierce and John Luckner representing

- i. The reason for the changes in the graduate programs is due to declining enrollment. The program is not currently competitive with other universities as the credit requirement is too high.
- ii. It was researched and determined that PTEP courses are not a requirement by the state and the program determined that all standards are being met with current program courses.
- iii. Courses being removed are: EDRD 611, EDFE 125, PSY 500, EDF 500
- iv. Suzette asked what guarantee there is that the content of the courses being removed will be delivered with the proper expertise in current program courses. She is referring to Literacy and Foundations.
 1. John mentioned that there are two courses in their program

being offered that will address both of those areas.

- v. Suzette also mentioned that losing an FTE is an issue within STE for both Literacy and Foundations. The loss of these PTEP courses would result in the loss of one FTE for each area.
- vi. Donna asked if removing the PTEP courses will affect the University learning outcomes that are set-up for each college.
 - 1. Corey stated that they have been in discussion with Kim Black regarding the program changes and that they will work on aligning the learning outcomes accordingly.
- vii. Jeri motioned to approve the curriculum changes. Rob seconded the motion. Motion passed, recommendation adopted.

IV. Old Business: (Pending)

Goals were determined in the last meeting. One of these goals was to speak with schools about any trends or concerns they are seeing. Wes Tuttle is new to the committee, but will think on this for the next meeting. He did mention that concerns with the possible change to CLD credits for license renewal is an issue within their school as well. It has not yet been approved by the state.

Donna found an article, which was shared via email, that the renewal process would allow 5-10 years for teachers to obtain the requirements for CLD.

V. New Business:

Jaimie mentioned that they have found a graduate student representative for the committee, Colin Brooks, and he will begin attending at the next meeting.

VI. Other:

Jaimie mentioned that NHS has some curriculum changes, but their next meeting is not until November 29th, which is the day before the next scheduled PEC meeting.

Jaimie motioned to hold an emergency meeting on December 7th for any college that may have last minute curriculum needing review. Jeri seconded the motion. Passed unanimously.

Due date for December 7th emergency meeting curriculum will be December 4th.
