

# Classrooms / Laboratories

Classrooms are the next priority on the list. Our goal is to provide a clean environment for learning and teaching. Classrooms are cleaned on a daily basis and as with restrooms are typically cleaned on the 2<sup>nd</sup> or 3<sup>rd</sup> shift. In some instances the classroom appears dirty and in disarray after just one or two classes. Chalk, erasers and/or markers are provided for each classroom. Extra markers are at the Administrative offices of each department.
