

SENATE ACTION FORM

No. 1178

Subject: Resolution - ASC process

Reference to Senate Minutes dated: 3/9/2020

Senate Action:

Motion to approve Senate resolu

Attachment to Senate Action #1178
Approved by the Faculty Senate
March 9, 2020

The Faculty Senate, while understanding the financial challenges facing the University of Northern Colorado, would like to formally condemn the administrative process undertaken when deciding on the Administrative Service Center model. Regardless of the ultimate decision and outcome, the process lacked transparency and appropriate faculty, staff, and student involvement. We believe decisions resulting in significant job loss and dramatic changes to how the university supports students and faculty deserve better, now and in the future.
